

Additional Course Costs

There are additional costs associated with all studies, which require consideration, when planning and budgeting for expenditure. The costs shown are for the **total length of the course** shown unless otherwise stated.

Books and other Texts:

Students may be required to purchase texts and journals to support their study programme. The minimum, average cost of books for students studying on a degree course is assumed as £100 per year, with optional costs of a further £100 - £200 per year.

Printing:

We recommend a minimum budget of £100 per year for printing costs including dissertation printing and binding. This relates to the printing of written documents through the photocopiers. Where relevant, the printing of artworks (draft and finished) will incur additional costs listed below.

In year or end of year exhibitions, projects and performances:

Where a course contains exhibitions, major projects or performances additional costs will be incurred. These costs can be discussed in detail with your course teams and some will be linked to a professional skills element of the course where organised fundraising for such activities may be included. We would anticipate up to £100 per year maximum for these elements.

Graduation:

Graduation costs per student are estimated at £100 - £200 total. This is an optional cost for all students as attending graduation is not a requirement in order to have a degree conferred. Any additional costs over and above those listed above can be found listed below:

Hard Drive:

All students are required to own a 1TB hard drive.

Study Tours and Trips:

Compulsory theatre trips and study tours of up to £100 per year with optional trips of up to £300.
