## Additional Course Costs: BA (Hons) Film and Television Production

There are additional costs associated with all studies, which require consideration, when planning and budgeting for expenditure. The costs shown are for the **total length of the course** shown unless otherwise stated.

### **Filmmaking and other Study Costs**

Students are expected to spend approximately £150 - £200 **per year**, which includes filmmaking costs such as travel to locations, or props, and occasionally books or printing, to support their study programme.

### **Equipment Costs**

Students will need to purchase a 1TB external hard drive with powered USB 3 connection for storage of their film and television rushes and finished work. The make and model used are selected by the students so costs are variable, but approximately £50 is a good estimate.

### **Graduation:**

Graduation costs per student are estimated at £100 - £200 total. This is an optional cost for all students as attending graduation is not a requirement in order to have a degree conferred.
